

## LC 2004 S - DOUBLE-ARMED TOP

Hot-dip galvanized S235JR (UNI EN 10025) steel single arm rope (UNI EN 1461).

### Features:

The rope consists of a vertical steel tube diam. 42 mm for height equal to 740 mm equipped with a decoration end and a lower attachment for coupling to the pole. Two steel side arms diam. 33 mm x 3 mm are welded to the central tube, complete with suspended attachments for fastening the light fixtures via  $\frac{3}{4}$  gas internal threaded hole. At the end is a decorative aluminum pyruccina.

The total height of the top is 740 mm, the projection 1000 mm. Stainless steel hardware.

### Galvanized steel surface protection:

Coat of two-component zinc phosphate primer and two coats of finish with two-component paint.  
Standard color gray.
